

WELCOME

Our bodies are built to heal. However, when we experience pain or abnormalities in our physical mobility following a surgery, an accident or an injury, it's imperative that we receive immediate care from rehabilitative professionals. If you are looking for ways to expedite your recovery, **DayStar Certified Therapy Center** is prepared to assist you.

DayStar Certified Therapy Center has gained a wide recognition for making a positive impact in the recovery of its patients. We provide physical therapy programs, peer support, and recreational activities that promote mobility as well as other specialized treatments focused on improving the physical wellbeing of clients. We seek ways to restore functionality or introduce alternative mobility solutions so clients can be relieved of pain and discomfort.

Call us at **301-477-1335** or visit our center for a consultation. Let's start your healing today!

DayStar Certified Therapy Center values the importance of maintaining a relaxed and eased mind and body. Treating yourself to positive remedy will improve your overall well-being. Massage Therapy has been proven to enhance your body's blood circulation and lessens tension. This therapeutic massage will help soothe tensed muscles, strengthens mobility, and relieves pain. A person's touch can really reduce your stress level to give you a fresher perspective and feeling.

Our licensed massage therapists can help anyone relax, may it be young or old. We can offer a wide array of massage services. Our therapy can be done on a table or chair, depending on the client's preference. At **DayStar Certified Therapy Center**, our therapists will provide high-quality service to give you the treatment you truly deserve.

Please call **301-477-1335** to schedule a consultation with one of the licensed therapists on site. We consider it an honor to be chosen as your recovery partner. **DayStar Certified Therapy Center** looks forward to serving you.
